

Yo La Tengo - You've Got a Frind

tom:

Intro: E Ebm7 Ab7

When you're down and troubled
 And you need a some love and care

And nothing
 Nothing is going right
 Close your eyes and think of me and soon
 I will be there
 To brighten up even your darkest night

You just call out my name and you know wherever

I am I'll come running to see you again
 Winter, spring, summer or fall all you

Have to do is call and I'll be there

You've got a friend
 If the sky above you should turn
 Dark and full of clouds and that old north

Wind begin to blow

Keep your head together and call my name
 Out loud soon I'll be knocking upon your door

You just call out my name and you know wherever

I am I'll come running to see you again
 Winter, spring, summer or fall all you

Have to do is call and I'll be there

(E Gbm7 B)

Now ain't it good to know that
 You've got a friend when people can be so cold

They'll hurt you, yes, and desert you

They'll take your soul if you let them

Ooh, but don't you let them

You just call out my name and you know wherever

I am I'll come running to see you again
 Winter, spring, summer or fall all you

Have to do is call and I'll be there

You've got a friend
