

# Young The Giant - God Made Man

Tom: G  
Intro: G C

G C  
You never know the weight of your crimes  
G C  
But when all the gates have closed and you're tired  
G C  
You stand a while by the fire And it burns bright  
G C  
A while, a while, you sit quiet  
G C  
Inside you're so warm  
G C  
Your eyes open up  
G C  
To the sunrise To the sunrise  
G C  
Far from here  
G C  
I never know the state that you're in  
G C  
It's obvious to climb in your skin  
G C  
But I know how to walk across

G C  
When it's silent inside, it feels right  
G C  
Inside you're so warm  
G C  
Your eyes open up  
G C  
To the sunrise, to the sunrise  
G C  
Cause I want you to know That I know  
G C  
Cause I want you to know That I know  
G C  
Cause I want you to know That I know  
G C  
Cause I want you to know That I know  
G C  
Cause I want you to know That I know  
G C  
(God made man And his reason)  
G C  
Cause I want you to know That I know  
G C  
(God made man And his reason)  
G C  
Cause I want you to know That I know
