

Young The Giant - Titus Was Born

Tom: G

Titus was born
 Under the eye of a storm
 Rain water carried his bed
 Around the world and back again
 Oh all the things he did see
 Life is a dream
 Drifting at sea
 So hard to believe
 (C G C)

[Primeira Parte]

And so Titus would grow
 Tall and strong as an oak
 Rain water stuck in his head
 That filled him with words unsaid
 Of all the things he might be
 Drifted at sea
 At night he would dream
 Of odd storms at bay
 To wash the pain away
 Rain's falling

Falling on you

(G Am Em C)
 (G Am Em C)

[Ponte]

And the storm, it was driving
 Washing away
 All the trees on the island (rain water, rain water)
 In the eye there was a silence but he washed it away
 Crashing rocks by the sirens
 It's falling on you
 (C Em D C)

rain water rain water
 Its falling on you
 And the storm, it was driving
 Washing away
 All the trees on the island (rain water, rain water)
 In the eye there was a silence but he washed it away
 Crashing rocks by the sirens
 It's falling on you
 Rainwater, rainwater
 Flow on the infinite blue
 The rainwater's falling on you
 Falling on you
