

# Yumi Faraci - Say It (Right)

tom:  
 Bb (forma dos acordes no tom de G )  
 Capotraste na 3ª casa

I thought that I could be your girl  
 And now I see that it's too hard to make it happen  
 I lied to you pretended it was nice  
 Remained cool just for a while then I realised  
 Now you're gone and I need to tell you  
 I, I am missing you  
 Everyday, everytime, I feel alone, I need you by my side  
 I, I want something true

I need you, hug me tight, love me do, say it right

( G D Am C G D )  
 So this is how we're gonna be  
 Livin' apart from each other alright  
 I just can't think of me and you  
 And let behind everytime you made me feel fine  
 Do not go I need you so  
 I, I am missing you  
 Everyday, everytime, I feel alone, I need you by my side  
 I, I want something true  
 I need you, hug me tight, love me do, say it right
