

# Yung Lean - Agony

Tom: E

**B** **Dbm**  
 Take a pill and go to sleep  
**E**  
 I'm chasing witches in the street  
**B** **Dbm**  
 I'm the last page in your book  
**E**  
 Can't write a song, only do hooks  
**Dbm** **E**  
 Watching horses in the fields  
**E**  
 The dragon rests in agony  
**B** **Dbm**  
 When I'm afraid I lose my mind  
**E**  
 It's fine, it happens all the time  
**B** **Dbm**  
 When I'm afraid I lose my mind  
**E**  
 It's fine, it happens all the time

**Dbm**  
 Isolation caved in  
**E**  
 I adore you, the sound of your skin

( **B** **Dbm** **E** )  
 ( **B** **Dbm** **E** )  
 ( **Cm** **E** )

**B** **Dbm**  
 So many lies that I found  
**E**  
 Blood, Heaven, I stick to the ground  
**E**  
 So many times I realized  
 What I seek for is right in front of my eyes  
**Dbm7**  
 I'm alone in a hole in the ground  
**E**  
 A theater of ducks is still around  
**B** **Dbm7**  
 My furniture has come alive  
**E**  
 I'm dancing with a candlestick tonight  
**E**  
 Flying kites reaping outside my window  
 Smiles with fries

**Dbm**  
 Isolation caved in  
**E**  
 I adore you, the sound of your skin
