tom: G

Even though the sky is falling down Am F
 Don't let me go, don't let me go C Dm
 Even though the sky is falling down Am F
 Don't let me go, don't let me go C

I don't want to die but I don't want to cry lightnin' Am F
 I don't want to put a needle in my eye just to feel things C Dm
 I don't wanna be a product liability but I don't want to fight Am F C Dm
 I have never seen the person you are perceiving Am F
 But I don't wanna be alone when I start breathing C Dm
 We are in the middle, an apocalyptic disaster Am F
 So, tell me, what does it matter? Tell me, what does it matter? C Dm
 They're gonna roll the world up and smoke it all Am F
 With all the people sitting in a pack of Marlboro gold C
 Yeah, no-one knows we're comatose Dm
 Right now you are my only hope Am
 Fuck the hype, the life, the world we know F
 It's only you and me, all the doors are closed C
 So, hold me close, don't let me go Dm
 Let's smoke a cigarette before the world explodes

Even though the sky is falling down Am F
 Don't let me go, don't let me go C Dm
 Even though the sky is falling down Am F
 Don't let me go, don't let me go C Dm

Dying by your side, what a heavenly way to die Am F
 Guess that guy's line was right bet he never thought it'd see real life C Dm
 We are in the middle of a fucked up crazy design Am F
 So stand by my side, yeah, stand by my side C Dm
 Am

They're gonna roll the world up and smoke till late F
 Like the planet is a gram of the Mary Jane C
 Don't commemorate, just space you wait Dm
 While they're hittin' the red button like it's a video game Am
 It's inevitable, we know it F
 That they're about to go blow it C
 Yeah, there's no way to control it Dm
 So, we might as well be holding each other Am F
 Even though the sky is falling down C Dm
 Don't let me go, don't let me go, don't let me go Am F
 Even though the sky is falling down C Dm
 Don't let me go, don't let me go Am F
 Even though the sky is falling down C Dm
 Don't let me go, don't let me go Am F
 Even though the sky is falling down C Dm
 Don't let me go, don't let me go (don't let me go) Am F
