

YUNGBLUD - Ice Cream Man

tom:

I'm sitting on my own again
 Wondering what all my friends did last night
 They think that I hate them
 Because I haven't sent 'em a text in two days
 Laying on a concrete bench
 Trying to rid my head from the cobwebs
 Society sits on a fence
 And I dont wanna get out of bed, for your nonsense

You are just an ice cream man
 Take my dreams and get them banned
 Lock me up inside your van
 And I don't wanna be a part of it man

I'm all used up, got nothing left
 I've got bumper cars inside my chest
 That don't hold back
 Go MIA that I am oppressed

And my mother thinks I'll be dead for the weekend

No I won't ever be like the others
 Hate myself and marry my cousin
 I won't ever be like the others
 Hate myself and marry my cousin, no

You are just an ice cream man
 Take my dreams and get them banned
 Lock me up inside your van
 And I don't wanna be a part of it, man

Give me champagne and TV
 To make sure I fall asleep
 Give me champagne and TV
 To make sure I fall asleep

You are just an ice cream man
 Take my dreams and get them banned
 Lock me up inside your van
 And I don't wanna be a part of it man
