

# YUNGBLUD - Ice Cream Man

tom:

I'm sitting on my own again  
 Wondering what all my friends did last night  
 They think that I hate them  
 Because I haven't sent 'em a text in two days  
 Laying on a concrete bench  
 Trying to rid my head from the cobwebs  
 Society sits on a fence  
 And I dont wanna get out of bed, for your nonsense

You are just an ice cream man  
 Take my dreams and get them banned  
 Lock me up inside your van  
 And I don't wanna be a part of it man

I'm all used up, got nothing left  
 I've got bumper cars inside my chest  
 That don't hold back  
 Go MIA that I am oppressed

And my mother thinks I'll be dead for the weekend

No I won't ever be like the others  
 Hate myself and marry my cousin  
 I won't ever be like the others  
 Hate myself and marry my cousin, no

You are just an ice cream man  
 Take my dreams and get them banned  
 Lock me up inside your van  
 And I don't wanna be a part of it, man

Give me champagne and TV  
 To make sure I fall asleep  
 Give me champagne and TV  
 To make sure I fall asleep

You are just an ice cream man  
 Take my dreams and get them banned  
 Lock me up inside your van  
 And I don't wanna be a part of it man
