

# YUNGBLUD - Psychotic Kids

Tom: G

I see pictures in my head  
 A world where the suffering's dead  
 And they can't fight or unjustly arrest  
 Anybody for the color of their body

Psychotic kids, they don't know what they want  
 Psychotic kids, we have to keep control of them

Drop a hairdryer into my bath  
 Shocks like that make me laugh  
 It's fun to laugh when you're sad  
 Be happy, come on let me be happy

Why do you wanna go turn back time?  
 Come and take a ride in my psychotic mind  
 Why do you wanna go turn back time?  
 Turn back time?

Psychotic kids, they don't know what they want  
 Psychotic kids, we have to keep control of them

Psychotic kids, they don't know what they want  
 Psychotic kids, we have to keep control of them

My mum thinks I'm on heroin  
 And my dad just thinks I'm gone  
 But they don't know fucking anything  
 Say "Youth is wasted on the young"  
 My mum thinks I'm on heroin  
 And my dad just thinks I'm gone  
 But they don't know fucking anything  
 Say "Youth is wasted on the young"

Wasted on the young  
 Wasted on the young  
 Wasted on the young  
 Wasted on the young

Psychotic kids, they don't know what they want  
 Psychotic kids, we have to keep control of them  
 Psychotic kids, they don't know what they want  
 Psychotic kids, we have to keep control of them

We have to keep control of them
