

Yutaka - Sakura (Vem Pequeno)

tom:

A

A

Sigo pé na estrada

Sem saber onde vai dar

Bem cheio de sonhos

E um milagre acontecer

De vida, agora eu sinto aqui

Pertinho, minha vida compartilhar

Divino, e o tempo vai trazer

Meu pranto, meu todo ser

Vem pequeno, e traga luz pro nosso lar

Sol nascente, raio leste te tocar

Sintonia, brilho novo florescer

Vem teu sorriso abrir

Trazer a paz pra mim

No meu pensamento nova fase vai surgir

A paz escolhida, só Sakura enxergar

Eu dobro o que for pra ser

Cruzar pro lado de lá

Me ajuda a desenvolver

Agora posso sentir

Vem pequeno, e traga luz pro nosso lar

Sol nascente, raio leste te tocar

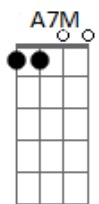

Sintonia, brilho novo florescer

Vem teu sorriso abrir

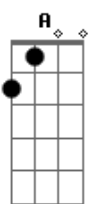

Trazer a paz pra mim

Trazer a paz pra mim
