

Zac Brown Band - Someone I Used To Know

Tom: G

Hometown hero at the bar
 Burned out high life super star
 You know
 Kept a buzz to fill the hole
 Loved the lights and stole the show
 Someone I used to know
 Would stay another round
 Someone I used to know
 Ran himself in the ground
 It's been a long time comin'
 Couldn't keep on runnin'
 Had to hit rock bottom to know
 When you keep on losin'
 With the path you're choosin'
 And it's time to let go
 Of someone that I used to know
 Know, know
 Know, know
 Someone that I used to know
 Rides the high that tears him down
 Hates himself and loves the crowd
 The king of fools a heavy crown
 He didn't know he almost drowned

Someone I used to know
 Would stay another round
 Someone I used to know
 Ran himself in the ground
 It's been a long time comin'
 Couldn't keep on runnin'
 Had to hit rock bottom to know
 When you keep on losin'
 With the path you're choosin'
 And it's time to let go
 Of someone that I used to know
 Know, know
 Know, know
 It's been a long time comin'
 Couldn't keep on runnin'
 Had to hit rock bottom to know
 When you keep on losin'
 With the path you're choosin'
 And it's time to let go
 Of someone that I used to
 Someone that I used to
 Someone that I used to know
 Know
 Know
 Know
