## Zach Bryan - Boons

```
C7M
                                                              I had myself a simple day
               tom:
               D (forma dos acordes no tom de A )
Capostraste na 5ª casa
                                                              Just dyin' in the boons
Intro: G C7M C7M
       Em G C7M G
                                                                   G
                                                                                           C7M
                                                              And how I miss the quick-stop line
[Primeira Parte]
                                                                                   Fm
                                                              They say hello every time
       G
                          C7M
Let me die out in the boons
                                                              No concern for politics
                             Fm
                                                                                          C7M
                                                                      D
                                                              Come on home, I'll check for ticks
It took me thirteen years to bloom
                          G
                                                                                    G
They broke up, but he's alright
                                                              Love me gently in the boons
                            C7M
We'll be in town till late tonight
                                                                  G
                                                                                         C7M
                                                              And why does everyone I know
                     G
I'm dyin' in the boons
                                                                                    Em
                                                              Have somewhere else to go?
                   C7M
And I hate a hungry crowd
                                                              Won't you look up from your hands?
                           Fm
                                                                                          C7M
Worst of 'em all, talk the loudest
                                                              Let's be still while we still can
                     G
I guess I'll die out here
                                                              Stay a while, out in the boons
                   C7M
With a hammer and a beer
                                                              [Refrão]
                                                                               C7M G
                  G
                                                                 Em
                                                                         G
                                                              So leave me out of that talk downtown
Just dyin' in the boons
                                                                  Em G
                                                                                          C7M
[Refrão]
                                                              I have found everything I'll ever neeee-eed
                  C7M
   Em
          G
                                 G
                                                                   Em
                                                                              G
                                                                                                 C7M G
So leave me out of that talk downtown
                                                              Real dee-ee-ee-ee-ee-ee-ee-ee-eeeeeeee
    Em G
                                     C7M G
                                                                   Em G C7M G
I have found everything I'll ever need
                                                              In the boo-oo-oo-oo-oo-oo-oo-oo-oo-oooooons
    Em
                G
                                   C7M G
                                                              [Terceira Parte]
Real dee-ee-ee-ee-ee-ee-ee-ee-eeeeeeee
     Em G C7M G
                                                                                   C7M
                                                                     G
                                                              Let me die out in the boons
In the boo-oo-oo-oo-oo-oo-oo-oo-oo-ooooooons
                                                                                           Fm
[Segunda Parte]
                                                              It took me thirteen years to bloom
                                                                                    D
                                                              I'm beat up but I'm alright
 G
                                                                                         C7M
I met a girl deep in the city
                                                              I'll be in town till late tonight
C7M
      She said she don't mind sittin' with me
                                                              Just dyin' in the boons
                           Bm
  I let my troubles float away
