

# Zach Bryan - Funny Man

tom:

Intro: C F Am G

[Primeira Parte]

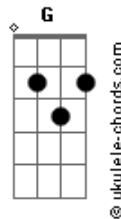

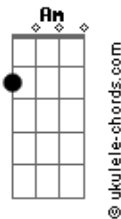

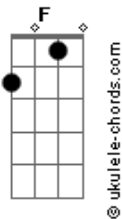

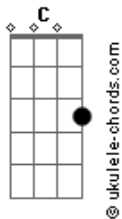

You know that time goes  
Right out the window  
And our hearts  
They beat on borrowed time  
Pack the car while the creek's runnin'  
Cast-a-line with the dawn comin'  
You know I wanna believe in somethin'  
Somethin' like you  
Reckon God is a funny man  
For puttin' beauty in these ugly hands  
And I don't quite understand  
The joke quite yet

[Refrão]

And it was cold but I was warmer than I'd ever been  
I'll get old but I wish I was younger then  
I reckon god's gotta be a funny man I do  
?Cuz I got you

[Segunda Parte]

## Acordes

One piece in hot beach sand  
Make it through to the weekend  
The shape you take when you sleep-in  
Reckon God is a funny man  
For puttin' beauty in these ugly hands  
[Refrão]  
And it was cold but I was warmer than I'd ever been  
I'll get old but I wish I was younger then  
I reckon god's gotta be a funny man I do  
?Cuz I got you
