

# Zach Bryan - Hey Driver

tom:

Am

[Refrão]

So take me down a road that's a little  
 Bit windy  
 To a place where they still put sugar in  
 Their iced tea  
 Where the women are fine and the love is  
 Fair  
 Hey driver, you can drop me off anywhere  
 ( F )

[Primeira Parte]

Hey driver, pull on over, I'm in a fight  
 With God  
 This Carolina shoulder seems the place  
 I'm gettin' off  
 Daddy always told me never make a home  
 On the road  
 While your lady's sneakin' out and the  
 Kids are growin' old  
 Hey driver, I've been ridin' this lonely  
 Way too long  
 All the love I had worth givin' was all  
 Spent on my song  
 Hey driver, the boys are gamblin' with  
 More than just their cards  
 With their bottles and their drugs, and  
 Their Bibles and their hearts

[Refrão]

So take me down a road that's a little  
 Bit windy  
 To a place where they still put sugar in  
 Their iced tea  
 Where the women are fine and the love is  
 Fair  
 Hey driver, you can drop me off anywhere
