

Zara Larsson - I Can't Fall In Love Without You

tom:

Intro: A E B G

I feel so happy

Happy that I'm free

And I can see things

Things I couldn't see

I can be out every night (yeah, yeah, yeah)

No one else holding me down (yeah, yeah, yeah)

I can do just what I like (yeah, yeah, yeah)

But I can't fall in love without you

I can't fall in love without you

I can't fall in love without you

I can't fall in love without you

Please don't fall in love without me

A E

I hope you're sorry

Can't find the words to say

Hope you're always worried

Worryin' 'bout me

Don't you think I give a fuck? (yeah, yeah, yeah)

Give a fuck 'bout who you fuck? (yeah, yeah, yeah)

But I hope you can't get it up (yeah, yeah, yeah)

But I can't fall in love without you

I can't fall in love without you

I can't fall in love without you

I can't fall in love without you

Please don't fall in love without me

(Ooh-ooh-ooh, ooh-ooh-ooh)

I can't fall in love without you

I can't fall in love without you

So please don't fall in love without me

Acordes
