Tom: G

I found my life ^{Am}
 In between shots and getting high ^{Em}
 The cage I was in ^{Cm7}
 Fell away when she asked me to dance again, yeah ^F ^G
^{Am} I found my life
 In between a first kiss and a last goodbye ^{Em}
 The dust settled down, now I can see through the crowd ^{Cm7} ^F ^G

^{Am} I'm loving the colour white
^{Em} Surrounding your colored eyes

^{Cm7} Though she is the kryptonite
 She stays in my crib tonight

^{Am} I light her like dynamite
 Load her like gigabyte
 Turn out the fucking lights ^F

I wanna see you bright

I wanna see you bright ^{Am}
^F

I wanna see you bright ^{Am}
^F

I wanna see you bright ^{Am}
 I wanna see you ^F

^{Cm7} For the love in my mind, love for the bass
 She likes getting high just for the day

She's different in night, she knows what I say
 Free of the flash, dirt on your shoes, I don't know you

^{Am} I'm loving the colour white
^{Em} Surrounding your colored eyes

^{Cm7} Though she is the kryptonite
 She stays in my crib tonight

^{Am} I light her like dynamite
 Load her like gigabyte
 Turn out the fucking lights ^F

I wanna see you bright

I wanna see you bright ^{Am}
^F

I wanna see you bright ^{Am}
^F

I wanna see you bright ^{Am}
 I wanna see you ^F

I found my life in between shots and getting high
 The cage I was in fell away when she asked me to dance again

I wanna see you bright ^F

I wanna see you bright ^{Am}
