

Zayn Malik - Entertainer

Tom:

Intro: Bb C Am Dm C

You thought you had me, didn't you?

When you lied to my face, I could see the truth

Every step with the way I knew

How you fooled me, boo

Guess you didn't know that you were my favorite entertainer

I watch you, and laugh with, and fuck with you

Don't you take me for a fool

In this game, I own the rules

You were my favorite entertainer

I watch you, I laugh with, with fake it too

Don't you take me for a fool

I?ma show you a thing or two

Never seen you comin', I'll turn you down

When you need me the most, I will turn you

When you need me the most, I will turn you down

Never seen me comin', I'll turn you down

When you need me the most, I will turn you

When you need me the most, I will turn you down

Thought that you were smarter, I'm ashamed for you

I knew it right away when you stopped lovin' me

It happened when your touch wasn't enough for me

Thought that you should know that you were my favorite entertainer

I watch you, and laugh with, and fuck with you

Don't you take me for a fool

In this game, I own the rules

You were my favorite entertainer

I watch you, I laugh with, with fake it too

Don't you take me for a fool

I?ma show you a thing or two

Never seen you comin', I'll turn you down

When you need me the most, I will turn you

When you need me the most, I will turn you down

Never seen me comin', I'll turn you down

When you need me the most, I will turn you

When you need me the most, I will turn you down

Know it's harder to take, and let's face it

No one's playing your games, let's face it

I'm bein' straight up

I know fake love when I see it anyway

I'ma turn you down when you need me anyway, anyway, anyway

Never seen you comin', I'll turn you down

When you need me the most, I will turn you

When you need me the most, I will turn you down

Never seen me comin', I'll turn you down

When you need me the most, I will turn you

When you need me the most, I will turn you down

I know you need me the most

The most, the most

One more time
