Intro: Em

[Primeira Parte]

N.C.
Well, well, you better run from me

You better hit the road

You better up and leave

Don't get too close

'Cause I'm a rolling stone

And I keep rolling on

You better run from me

Before I take your soul

[Pré-Refrão]

If I go, let me go

Don't you follow me, let me go

I will let you down, let me go

Even if your heart can't take it

Light me up in flames

N.C.
Light me up in

[Refrão]

Oh Oh Light me up

Oh Oh Light me up

Oh Oh Light me up

Oh Oh Light me up

Oh Oh

[Segunda Parte]

You better run from me

You better say goodbye

And even if I plead

Don't waste your time

'Cause I'm a broken home

You're better off alone

You better run from me

Before I take your soul

[Pré-Refrão]

If I go, let me go

Don't you follow me, let me go

I will let you down, let me go

Even if your heart can't take it

Light me up in flames
