

# Zayn Malik - My Woman

tom:  
 Love me partly, leave me tonight  
 Say, Don't fall in pieces, I might  
 Just for the fun of it  
 Let my mind just run with it tonight  
 Since the Stone Age  
 I've been stoned in  
 Living lonely, on my own  
 Then she came along  
 Made me believe  
 Made me believe, I wouldn't leave her  
 I'm finished wasting my time  
 I'm living blurred like those lines  
 I fill my cup to forget her  
 Known it from the ghet-up  
 This is my demise  
 My demise is what's holding me  
 Grabbed the hold and took control of me  
 In my mind  
 Love me partly, leave me tonight  
 Say, Don't fall in pieces, I might  
 Just for the fun of it

Let my mind just run with it tonight  
 Where did you wanna go?  
 Where did you stay last night?  
 Save my mind, save my time  
 Yeah, I know  
 I've been holding to something  
 For so long, mm, with no eyes  
 Yeah, I've been blind  
 I've been blind  
 I fill my cup to forget her  
 I've known it from the get-up  
 This is my demise  
 Love me partly, leave me tonight  
 Say, Don't fall in pieces, I might  
 Just for the fun of it  
 Let my mind just run with it tonight  
 Love me partly, leave me tonight  
 Say, Don't fall in pieces, I might  
 Just for the fun of it  
 Let my mind just run with it tonight  
 Just for the fun of it tonight
