

Zayn Malik - Something In The Water

tom:

G

Intro: Em Bm C7M

[Refrão]

Must be somethin' in the water
 I can feel you in the atmosphere
 Don't say much until we speak in tongues

One on one
 Swear you flowin' through my blood
 Must be somethin' in the water

[Primeira Parte]

Am I goin' out my mind?
 Said it was the last, last two or three times
 Spent the whole day till we woke up last night
 Nothing's makin' sense no more

[Pré-Refrão]

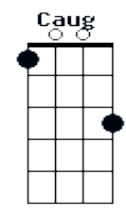

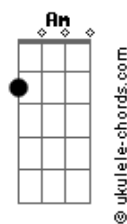

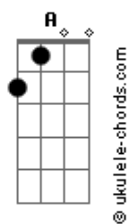

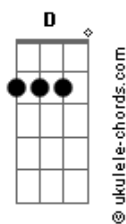

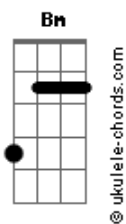

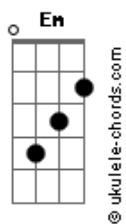

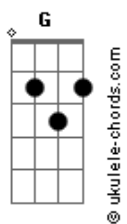

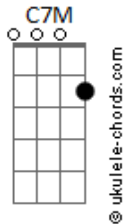

Caught a glimpse of you gaze, I was frozen
 Got a grip on my heart, now it's stolen
 Had a lock on the door, now it's open, now oh-oh-oh

[Refrão]

Must be somethin' in the water
 I can feel you in the atmosphere
 Don't say much until we speak in tongues

One on one
 Swear you flowin' through my blood
 Must be somethin' in the water
 On the edge until you pull me in
 Got me drippin' in that old school love
 Pour me some, feelings got me goin' numb

Acordes

[Pós-Refrão]

Must be somethin' in the water, in the water
 Must be somethin' in the water, in the water
 Ooh-oooh, ooh-oooh
 (Water)

[Segunda Parte]

I might let myself sink
 Deep into the bottom, can't hear myself think
 'Cause all I wanna hear is your voice
 Pull me out of that void
 It's an instinct, I don't have a choice tonight
 You got my heart doin' things it don't do
 But I'm not gon' fight it
 You're in control, just show me what to do
 I'm not afraid

[Refrão]

Must be somethin' in the water
 I can feel you in the atmosphere
 Don't say much until we speak in tongues

One on one
 Swear you flowin' through my blood
 Must be somethin' in the water
 On the edge until you pull me in
 Got me drippin' in that old school love
 Pour me some, feelings got me goin' numb

[Pós-Refrão]

Must be somethin' in the water, in the water
 Must be somethin' in the water, in the water
