

Zayn Malik - What I Am

tom:

G

[Primeira Parte]

I've been drinking absinthe
 I just did the math, it ain't adding up
 I've had enough of running 'round this board game
 You can know your own name, I won't give it up

[Pré-Refrão]

Am I crazy? Am I foolish?
 Am I stupid for playin' these games with you?

[Refrão]

If I told you I loved you
 Would you say that it's fucked up?
 If I told you they're flyin'
 Would you say that you looked up?
 Don't take me for what I'm sayin'
 Just take me for what I am
 'Cause this is where I'm stayin'
 My two feet are in the sand

[Segunda Parte]

I've been readin' old shit and I can't make sense of it
 Ain't no conspiracy that can save me
 Livin' in the moment feels good to me till it hurts
 And I need somebody

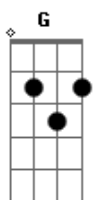

[Pré-Refrão]

Am I crazy? Am I foolish?
 Am I stupid for playin' these games with you?

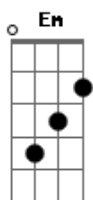

[Refrão]

If I told you I loved you

Would you say that it's fucked up?
 If I told you they're flyin'
 Would you say that you looked up?
 Don't take me for what I'm sayin'
 Just take me for what I am
 'Cause this is where I'm stayin'
 My two feet are in the sand

[Ponte]

Take me as I am
 I'm tired of dancin' around the point
 Sharp and it is jagged
 Like the shape of glass and it steals my voice

[Refrão]

If I told you I loved you (Oh)
 Would you say that it's fucked up?
 If I told you they're flyin'
 Would you say that you looked up? (Looked up)
 Don't take me for what I'm sayin' (Don't)
 Just take me for what I am
 'Cause this is where I'm stayin'
 My two feet are in the sand

[Final]

If I told you I loved you
 Would you say that it's fucked up?
 If I told you they're flyin'
 Would you say that you looked up?
 Don't take me for what I'm sayin' (Ooh)
 Just take me for what I am
 'Cause this is where I'm stayin'
 My two feet are in the sand
