

Zé Manoel - Acorda Flor

Tom: A

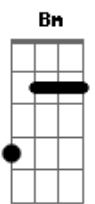

Flor acorda, o dia já raiou
 E você não desabrochou,
 O que será que aconteceu?
 Eu sei que você não vai me contar
 E vai olhar pro mar e o céu azul...
 Não vou chorar.
 Flor, no outono as folhas vão cair,
 Na primavera vai surgir

O amor da gente a renascer.
 Olha, se hoje o céu é tão anil,
 Se é primavera, flores mil
 Renascerão nos corações.
 E você vai desabrochar
 No coração de quem lhe ama
 E sempre vai amar.
 Acorda Flor, acorda!
 Acorda Flor, acorda...!
