

Zé Ramalho - Vila do Sossego

Tom: G

Intro: G G7 C7

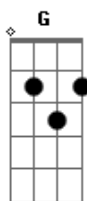

Oh, eu não sei se eram os antigos que diziam
 Em seus papiros Papillon já me dizia
 Que nas torturas toda carne se trai
 Que normalmente, comumente, fatalmente, felizmente,
 Displícitamente o nervo se contrai, oh,oh,oh,oh com precisão

Nos aviões que vomitavam pára-quadras

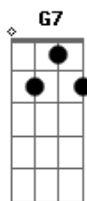

Nas casamatas, casas vivas, caso morras
 E nos delírios, meus grilos, temer
 O casamento, o rompimento, o sacramento, o documento
 Como um passatempo quero mais te ver, oh,oh,oh,oh,oh com aflição

Meu treponema não é pálido nem viscoso
 E os meus gametas se agrupam no meu som
 E as querubinas, meninas, rever
 Um compromisso submisso, rebuliço no cortiço
 Chame o padre "Ciço" para me benzer, oh,oh,oh,oh,oh com devoção
