

Zendaya - Finding Neverland

Tom: D

Whenever I was frightened Or ever felt alone
 I turned to the night sky And a star I call my own
 Somewhere I could run to Just across the Milky Way
 If you like I could take you It's just a light-year and a day

We can sail away tonight On a sea of pure moonlight
 We can navigate the stars Bring us back home
 In a place so far away We'll be young that's how we'll stay
 Every wish is a command When we find ourselves in Never
 Never land

Through all my make-believe There's some reality
 In your reflection There's much more than you see
 All that you hope for You hope for today
 Is the love someone gives you In an unconditional way

We can sail away tonight On a sea of pure moonlight
 Life is eternal and evergreen
 Future of happiness all in your hands
 All in this place I created That I call Never Land
 We can sail away tonight On a sea of pure moonlight
 We can navigate the stars Bring us back home
 In a place so far away We'll be young that's how we'll stay
 And with your hand in my hand I am closer now
 To finding Never Land
 And with your hand in my hand I am closer now
 To finding Never Land Never Land Never Land
