

# Zendaya - Finding Neverland

Tom: D

Whenever I was frightened Or ever felt alone  
 I turned to the night sky And a star I call my own  
 Somewhere I could run to Just across the Milky Way  
 If you like I could take you It's just a light-year and a day

We can sail away tonight On a sea of pure moonlight  
 We can navigate the stars Bring us back home  
 In a place so far away We'll be young that's how we'll stay  
 Every wish is a command When we find ourselves in Never  
 Never land

Through all my make-believe There's some reality  
 In your reflection There's much more than you see  
 All that you hope for You hope for today  
 Is the love someone gives you In an unconditional way

We can sail away tonight On a sea of pure moonlight  
 Life is eternal and evergreen  
 Future of happiness all in your hands  
 All in this place I created That I call Never Land  
 We can sail away tonight On a sea of pure moonlight  
 We can navigate the stars Bring us back home  
 In a place so far away We'll be young that's how we'll stay  
 And with your hand in my hand I am closer now  
 To finding Never Land  
 And with your hand in my hand I am closer now  
 To finding Never Land Never Land Never Land
