

Zero To Hero - The Future Freaks Me Out

So let me tell you this one
 Try to keep up with me
 It's a tale that I have told a thousand times before
 This is the story of my life
 And how I hate it
 And all the mistakes I mull over are the reason why I'm here
 I went to a shrink
 He asked me to open up
 So I told him I'm lazy and how I just can't get things done
 He said " you need to push forward
 And none of this is your fault
 But maybe you cling to the past 'cause the future freaks you out?
 Yeah, the future freaks me out

On and off I feel shitty

Aadd9
 I cannot stand the heat

 I want a scape from reality or at least something to dream
 E
 I told my shrink 'bout my mom
 Aadd9
 And how she's overprotective
 Dbm7 E

 Sometimes I feel like a child even though I'm twenty-five years old
 E
 I told him about my dad
 Aadd9
 And how I can't recall
 Dbm7 E Aadd9
 The last time that we hugged we are completely out of touch
 E
 I told him 'bout my girlfriend
 Aadd9
 And how she is so sad
 Dbm7 E

 I wonder if she'd be better without me, I wish I could help her
 (But I can't even help myself)
