

# Zevia - If Depression Gets The Best Of Me

tom:

C  
[Primeira Parte]

C G  
Empty, and numb  
Am F  
Still can't get past all the sadness

C  
And the crumbs I left

G  
Help me, I'm scar-ared

Am  
'Cause the one thing on my mind

G  
Is for me to disappear

[Refrão]

C  
So mama when I die

G  
Please hold in your cry

Am  
Just know that when I'm gone

G F  
I'll always be right by your side

C  
And lover, when I leave

G  
I know that we don't speak

Am  
I'm sorry that I failed you

G Em F  
But you meant the world to me

[Segunda Parte]

C G  
I lost my sight

Am F  
I still can't see all the places

C  
Where there might be light

G  
I used to stare

Am  
At the mirror, now I don't

G  
'Cause when I do I see a ghost  
F C  
It's not my fault that you feel like

G  
I'm so self centered

Am  
I'm tryna be better

G F  
But I feel under the weather

[Refrão]

C  
So mama when I die

G  
Please hold in your cry

Am  
Just know that when I'm gone

G F  
I'll always be right by your side

C  
And lover, when I leave

G  
I know that we don't speak

Am  
I'm sorry that I failed you

G Em F  
But you meant the world to me

[Final]

C  
So mama when I die

G  
Please hold in your cry

Am  
Just know that when I'm gone

G F  
I'll always be right by your side

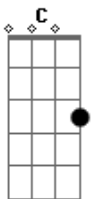

C  
And lover, when I leave

G  
I know that we don't speak

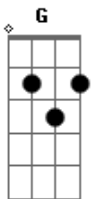

Am  
I'm sorry that I failed you

G Em F  
But you meant the world to me
