Tom: C

Int: C, G, Am, G

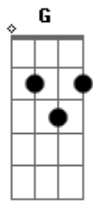

C G Am
 Noite fria, triste, céu cinzento
 Am7 F G
 na janela bate o vento,
 C Dm
 quero alguém pra con versar,
 Dm G
 nesta madrugada de inverno
 F G
 Eu não sei se te espero
 C G G7
 Ou me arrisco a te buscar,
 C G Am
 fico olhando as luzes da cidade,
 Am7 F
 namorando a saudade,
 C Dm
 que ficou em seu lugar,
 Dm G
 como esperar tanto tempo,
 F G
 segurando o sentimento,

C Bb
 com vontade de chorar,
 F G Em
 como aceitar esse vazio
 Am Bb
 E dormir sentindo frio
 G G7
 Sem você pra me abraçar.?
 C
 Eu quero tanto
 Dm C
 mergulhar nos seus cabelos,
 F Dm
 acordar dos pesadelos,
 Dm G G7
 me livrar da solidão,
 C
 eu quero tanto
 Dm C
 Ver de novo seus passos
 F Dm
 te trazendo pro meus braços,
 Dm Bb G
 não me tire essa ilusão,
 G7 C
 volta pro meu coração. (REPETE 3X)
