

ZHIEND - Fallin'

tom:

F (forma dos acordes no tom de E)

Capostrate na 1ª casa

Looking up high

Found a steel tower

Wondering how I would feel

If I fall down

Was it a dream?

I saw deep red

Chasing, for what's far ahead

Always yearning, don't know why but

The beauty I really want

May seem to be awkward to someone's eyes

Looking down below

From top of the tower

Fear takes over my heart

And my knees won't stop shaking

Then I realize

I'm falling down

Why do the things I have loved

Always breaking

Don't know why

But the beauty I really want

May seem to be

Ugly to someone's eyes

(D Db C Db)

(D Db C D)

Chasing, for what's far ahead

Always yearning, don't know why but

The beauty I really want, may seem

To be a little crazy in sight

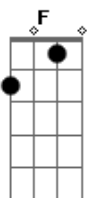

And now I've been flying high to the sky

Lifting me to the yonder

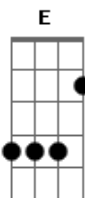

Something brought me here so far from home

But I'm not cold at all
