

ZHIEND - Fallin'

```
tom:
             F (forma dos acordes no tom de E )
Capostraste na 1ª casa
Looking up high
            Aadd9 Abm
Found a steel tower
            Aadd9
Wondering how I would feel
        B Db
If I fall down
A B Db
Was it a dream?
A B
I saw deep red
 Dadd9 E
                      PhheA
             Gbm
Chasing, for what's far ahead
 Dadd9 E Aadd9
Always yearning, don't know why but
Dadd9 E Gbm Aadd9
The beauty I really want
B Db Dadd9
May seem to be awkward to someone's eyes
            Aadd9
Looking down below
 Abm Aadd9
From top of the tower
Abm Aadd9
Fear takes over my heart
Abm Aadd9 B
And my knees won't stop shaking
B A Db
Then I realize
```

```
I'm falling down
Dadd9 E Gbm
                   Aadd9
Why do the things I have loved
Dadd9 E
Always breaking
Aadd9 Gbm
Don't know why

Dadd9 E Gbm
                       Aadd9
But the beauty I really want
 B Db
May seem to be
Dadd9 E
                 D
Ugly to someone's eyes
( D Db C Db )
( D Db C D )
( E Eadd9 E )
Dadd9 E Gbm
                     Aadd9
Chasing, for what's far ahead
Dadd9 E Aadd9
Always yearning, don't know why but
Dadd9 E Gbm Aadd9 B
The beauty I really want, may seem
Db Dadd9 E
To be a little crazy in sight
Dadd9 E Gbm Aadd9 Dadd9
                                        E
And now I've been flying high to the sky
Aadd9 Gbm Aadd9 E
Lifting me to the yonder
Gbm Aadd9 B Db
Something brought me here so far from home
Dadd9 E
But I'm not cold at all
```

Acordes
