It's hard for girls like us
 We don't know who we trust
 Not even the ones we love
 Cause they don't know
 Stuck here
 Stuck here in these waters
 So sick to my stomach
 Is anybody there?
 Red lights
 Red lights in the darkness
 Everyone's so heartless
 Does anybody care?
 It's so hard to explain
 With your heart in a cage
 Only whisper but you wanna shout
 Cause the second you wake
 Too much pressure to take
 Every part of you wants to cry out

It's hard for girls like us
 We don't know who we trust
 Not even the ones we love
 Cause they don't know
 Try to numb this pain
 Cause we don't wanna get hurt again
 Left alone out in the rain
 They don't know

Mirror, mirror on the wall
 I don't see beautiful
 Staring back at me
 Watching, watching my heart bleed out
 Trying not to freak out
 It's hard for girls like us
 We don't know who we trust
 Not even the ones we love

Cause they don't know
 Try to numb this pain
 Cause we don't wanna get hurt again
 Left alone out in the rain
 They don't know

It's hard for us
 For girls like us
 Girls like us
 They don't know
 It's hard for us
 For girls like us
 Girls like us
 They don't know

So ooh
 And the worst part is
 When they smile like this
 And it hits me hard
 Hits me hard

Try to play it cool
 But inside I'm bruised
 And it breaks my heart
 Breaks my heart

It's hard for girls like us
 We don't know who we trust
 Not even the ones we love
 Cause they don't know
 Try to numb this pain
 Cause we don't wanna get hurt again
 Left alone out in the rain
 They don't know

It's hard for us
 For girls like us
 Girls like us
 They don't know
 It's hard for us
 For girls like us
 Girls like us
 They don't know
