

Zolli - Already Home

```
tom:
I'm running out of time
I've gotta pick up my soul
I wanna feel the wind in my hair
I wanna feel it all
I'm out of place
I'm out of town
I miss your face
I miss your sound
I'll make it up to you, you know, somehow
Deep down my heart, deep down my soul
I'm feeling already home
G Bm
Deep down my heart, deep down my soul
Deep down my heart, deep down my soul Am D G
I'm feeling already home
I'm staring at the harvest
I'm not falling behind
All the stars are closer
As we walk in the park
```
