

# Zona Paraíso - Tema de Lilith

Tom: B

m [Intro] A Ab G D E

Sou Lilith, a primeira Mulher

Feita do mesmo barro que Adão

Sou a outra metade, a parte fêmeia da criação

O paraíso me chateou

Aprendi a dizer não, criei asas, me mandei

Disse adeus ao meu Adão

E voei, voei, voei e voltei

Fiz Eva morder a maçã e delirar

Ensineio sobre o bem e o mau

Fiz a roda do mundo girar

E a civilização se fez

O sapato a bicicleta a luz elétrica

O alfabeto a antena o avião

A riqueza a pobreza o futebol o carnaval e a religião

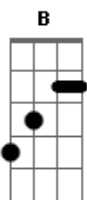

Sou Lilith uma Deusa mulher

Que na madrugada os sonhos seduz

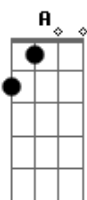

Liberto Eva de sua prisão

Curo a costela de todo Adão
