

Zorro - Elena

tom:

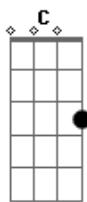

I sing of the lovely Elena
 A lady so charming and sweet
 I bring all my songs to Elena
 And lay out my dreams at her feet

I know that your fairs señorita
 Has lovers who tremble inside
 They long for a smile from Elena

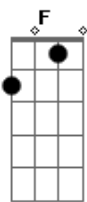

But no one longs longer than I
 Her lovers are many so dashing and strong
 But I'll win Elena with sweet words of song

I dream of the lovely Elena
 I pray she'll soon understand
 My fate is to love her forever
 For she holds my heart in her hand
